

THE CLAY CITY TIMES.

50 Cents a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. 11.

CLAY CITY, KY., THURSDAY, JANUARY 4, 1906.

NO. 1.

Notice.

All persons indebted to this paper are kindly requested to pay up as the publisher is anticipating a business venture that will require all the money owing us and more too. We have several hundred dollars out on job work, advertising and subscription, which is small to the different persons who owe such indebtedness, but if all paid in would be much to us. Start the new year right by owing the printer nothing.

To the Penitentiary.

In the Estill Circuit Court at Irvine last week, George Lunsford was given a life sentence for the murder of Will Manus a short time ago.

John Bryer received a two-year sentence, and Reed Mocabee five years in the penitentiary. They were charged with stealing a horse and buggy from Clem Beachey, of Lexington last August.

A New Business.

Geo. W. Anderson, who for the past few weeks has, in a small way, been handling eggs, is now erecting a large two-story house and will conduct a large wholesale egg and poultry business. Mr. Anderson will also install a meal and feed plant and conduct a wholesale business in this line. With the business sagacity possessed by Mr. Anderson and the opportunities in this business, especially at this particular point, warrant the success of the new enterprise. A cash poultry and egg business is something that has been needing in Clay City for some time and we are indeed glad to have the business with us.

Council Meeting.

The City Council met in regular session last night, and owing to the decision of the court that no legal election was held here last fall, the old Council had to serve in their usual capacity. The resignation of Police Judge, W. T. Webb, was accepted and the resignation of T. J. Fletcher as assessor was also accepted. T. J. Fletcher was elected Police Judge to fill the vacancy of Judge Webb. J. H. O'Rear was elected City Clerk and W. R. Cassidy Treasurer. The regular routine of business was gone over. The salaries of the various officers were left unchanged and the night of meeting continues to be the same.

Not So Good Altogether.

From different parts of the country where rural routes have been established, and several miles out from the distributing office, complaints are coming because the carriers are not allowed to also carry small parcels and etc. like the star route carriers are permitted to do. This only reminds us that the postal regulations should be changed so as to admit the mailing of much larger packages, then the situation will be at least partially relieved.

Valuable Advertising.

One of our advertisers said to us the other day that they could easily see the direct result of their advertising in these columns and attributed an increase in business largely to the effectiveness of such advertising. This is now a conceded fact by all up-to-now business men that advertising is indispensable in a successfully managed business, and that the newspaper is far the best medium.

Connie McClure, has accepted a position as bookkeeper and stenographer for Swann-Day Lumber Company. Mr. McClure is a rising rising young business man whom we are glad to have in our midst.

For the next thirty days a large quantity of seasonable goods will be sold at reduced prices at Eaton's store.

A. E. Protheroe, of Stamping Ground, was here a few days last week.

How the Farmers Lose.

The farmers should devote more of their thought and labor to improving their soils than any one thing on the farm. The educated farmer can cultivate his fields summer and winter, growing large crops and yet improving the fertility of the soil. Agricultural papers have been expounding this process and urging their readers to adopt this profitable and enriching system. Every soil tiller could have rye, barley or hairy vetch now growing on their land where corn grew last summer, but they have been neglected and remain barren and subject to considerably washes. In this way each acre is losing more or less fertility which can and should be regained by the proper rotation of winter crop.

Paynter Wins.

Judge Thomas H. Paynter was nominated for United States Senator by the Democratic joint Legislative caucus in Frankfort Tuesday on the first ballot. The vote stood: Paynter, 59; Blackburn, 34; Haldeman, 10; David H. Smith, 2. Representative Barry voted for Ollie James, afterward changing his vote to Blackburn. The nominee accepted the honor in a brief speech and Senator Blackburn and Mr. Haldeman, by invitation, also spoke. Harvey McCutchen and Eli H. Brown were nominated for Prison Commissioners.

A Merchant's Experience.

A merchant who had two stores in two small towns tried an experiment. He put a bargain counter in each store containing the same articles at the same prices. In the newspaper of one village he advertised the special sale counters. In the paper of the other he did not. In one month in the village where he did not advertise he sold \$984.00 worth of goods. In the store where he did advertise he sold the same goods amounting to \$1,724.00. In commenting on the result of the experiment the merchant says: "People who get the paper with the advertisement would pass by one store and drive for miles to the other one for what they could have gotten at the same price in my store at their door, but they did not know it was there."

Reliable estimates by the Secretary of Agriculture show that there are 5,739,657 farms in the United States. Each farm contains on an average seventy-two acres, and there are about six persons on each farm. Small farms are better tilled and more profitable than large ones. More than half the farmers own their lands.

Howard Case Affirmed.

The United States Supreme Court affirmed the judgment of the Kentucky Court of Appeals in imposing a life sentence on James B. Howard, charged with the murder of Gov. Goebel.

Every thing in Ready-to-wear, Trimmed and Untrimmed Hats at cost. Mrs. J. W. Williams.

Genet.

Our school will close here at Chop Chestnut next Friday.

Mesdames J. M. Mullens and Ann Smyth went to Xena Monday.

Feltner Acquitted.

Mrs. Feltner, mother of Mose Feltner, who was acquitted here last week on the charge of murder, was present during the trial. She is 65 years old, and rode horseback 75 miles from her home 7 miles beyond Hyden, Leslie county to London on her way here. She expressed her happiness on the acquittal of her son and returned home rejoicing to spend a merry Christmas.—Irvine Herald.

Senator Ecton has returned to the Blackburn fold and says he will now vote for him for U. S. Senator instead of voting for Paynter as he said he would do in a signed card last week.

It is not too late yet to send the TIMES for New Year present.

PUBLIC SALE OF Flour Mill AT CLAY CITY, KY., THURSDAY, FEB. 1, '06

The above property is a new Full Roller Process Mill, with Corn Meal attachment in a new frame building erected for this purpose. It was first put in operation March 4, 1905, and the Flour Department hasn't been run altogether, more than three weeks, and the Meal Department has been run but little, so it is virtually a new mill. The Flour made by this mill is equal to the best, and the yield is good. It is equipped with a 35 h. p. Boiler and 30 h. p. Engine, the building is Steam Heat, and has its own Electric Light Plant. The Sale will be conducted on the premises, beginning at 10 o'clock A. M.

Terms: The Mill, Building, fixtures and all appurtenances will be sold for $\frac{1}{4}$ cash, $\frac{1}{4}$ in six, and $\frac{1}{4}$ in 12 months, the purchaser to give notes with approved security and lien on mill with 6 per cent. interest from date.

The December meeting of the City Council adjourned last Saturday night after holding a very important meeting. The most important transaction was the allowance of the balance on the bridge which is less than \$475. Of the \$1,214.50 subscribed for the bridge, all has been paid in but \$157 and part of this will be paid later. This is a pretty fair showing and proves that Powell county people can be depended upon to do as they agree to a large extent. The amount due on the bridge would not have been allowed at this time, but the contract says that the balance must be paid during the year 1905, and so the council did the next best thing. At the time the contract for the bridge was made, the council anticipated the usual collection of \$1,500 saloon license, but which has been knocked out by local option and makes settlement impossible.

Senator McCrary, who is a member of the Senate Committee on Immigration, will introduce a bill to amend existing laws. Last year over one million emigrants arrived in this country and only six hundred of them came to Kentucky. Senator McCrary will ask that some city on the Southern coast be made an immigration station. He will probably also offer further restrictions. They seem necessary. With the unspeakable condition of affairs in Russia we are likely to have hundreds of thousands of unspeakable emigrants, and further legislation is necessary for our own protection.—Ex.

During the past four years of this paper's existence it has not missed an issue—fifty-two papers every year except last year when we published fifty-three. Most papers laid off last week, while the TIMES came out as usual. It is the sole intention of the publisher to continue to publish a paper worthy the support of every citizen in the county. And by doing this, we feel that we fully merit the liberal patronage we receive.

The United States Senatorial race at Frankfort is boiling hot, and is getting hotter, but from the present indications, Paynter will win the race, and he is very confident. R. W. Miller, of Madison county was defeated for the Speakership of the House by Henry R. Lawrence, of Trigg county, a Paynter man, and there are other things pointing his way.

The spirit of the times appears also to have laid hold upon the state government of Indiana. First, a shortage was discovered in the accounts of the auditor and he resigned

September by the request of Gov. Hanly. He is now under indictment, only a part of the shortage, said to amount to \$147,000.00, having been made good. Next, the adjutant-general resigned at the at the governor's demand, his accounts being found some \$1,000.00 short, which he immediately made good. Now irregularities have been found in the secretary of state's office, and the governor has demanded his resignation, which has been refused. Impeachment proceedings, it is reported, will be recommended to the Legislature. Only the governor now appears to be above suspicion.

Football Brutality.

Football claimed a larger number of sacrifices during the past season than ever before. Nineteen young men and boys and one girl—the first ever killed because of participation in a football game—are known to have died as direct result of playing the game, and there are others whose injuries may yet prove fatal.

As compared with previous years the list of twenty deaths is considerably greater and the proportion of serious injuries larger. In 1901 there were seven deaths, in 1902 fifteen, in 1903 fourteen, and in 1904 fourteen.

BEAUTIFY YOUR HOME WITH KINLOCH PAINT

Important Memorandum—The painter is of our experience knows a painting is a painting. The Old is the Life of Paint, and the new way to get good old is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, galles for galles, is KINLOCH PAINT, and we recommend it to you for every good reason we know.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch
HOUSE PAINT.

There's one indispensable reason why, a reason every honest painter will acknowledge. The Old is the Life of Paint, and the new way to get good old is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, galles for galles, is KINLOCH PAINT, and we recommend it to you for every good reason we know.

LOCAL BREVITIES.

Dr. B. Littlepage was in Lexington on business Saturday.

Mr. and Mrs. N. R. Swope visited relatives at Stanton this week.

The County Board of Supervisors have been in session at Stanton this week.

D. W. Martin, merchant of Rosslyn, was here Tuesday transacting business.

Dorris Mize and George Littlepage returned to school at Hazel Green Tuesday.

J. D. Cottman, of Kimbrell, was over Tuesday transacting business with our merchants.

Just received a new line of Fine Footwear for men women and children. J. B. Eaton.

Letcher Dalton, who has a position with L. & E. Railway, has moved from West Bend to Lexington.

The usual semi-annual dividend was declared by the directors of the Clay City National Bank Friday.

The various county officers were sworn in and gave bond at Stanton Monday, and assumed their duties.

Mr. and Mrs. J. F. Webb and others from Clay City attended the school entertainment at Stanton Monday night.

W. O. Hoskin, of near Winchester, came up Monday to visit his mother, Mrs. Patsey Hoskin, and other relatives.

Quarterly meeting will be held at the Methodist church in this city Sunday. Presiding Elder E. G. B. Mann will be here from Lexington.

Mr. and Mrs. Harry Shattuck have returned to their home at Willow, Lee county, after spending the holidays with relatives in this county.

The City Board of Supervisors has been in session this week. The board consisted J. W. Henry, W. T. Adams and J. F. Webb, all capable men.

The Farmers Deposit Bank, of Irvine will begin business about Feb. 1st. Arthur Hayse was last week elected President and Jas. A. Wallace, Cashier.

While we did not receive that one hundred new subscribers for a Christmas present, we did receive quite a number new names and many more renewals.

A number of valuable items were crowded out last week by advertisements. Some good correspondence had to also be left out altogether or culled down.

Mr. and Mrs. Frank Mountz, of Ballinger, Texas, who are visiting relatives in Estill and Powell counties, visited the former's brother, Wm. Mountz, Sr. Saturday.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets, Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

If, according to the old saying, the first twelve days of January rule the respective twelve months we will have a nice January, dreary February and a rainy March.

Mr. N. R. Swope, who has been employed at Lexington for some time, will move to that city this week. Mr. Swope is a very enterprising citizen whom we regret to lose.

George P. Douglas, well and favorably known to many of our readers, has been elected to the office road Commissioner of Montgomery county at a salary of \$1,000 00 per year.

Spilled Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Swann-Day Lbr. Co's store.

Ben Mastin, who sold out last fall at Waltersville and moved to Ohio has moved back with his family and will remain in old Powell county which is now, with Mr. Mastin like many other wise people, a favorite spot.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Swann-Day Lumber Co's store 25c., guaranteed.

If you want to always be on time keep your watch in good repair. See Webb.

School House Burned.

The Walnut Grove school house near Bowen took fire while school was in session week before last and burned to the ground. The building was a good house and the loss falls heavily on the district. Joe Clark was teacher. The fire originated from the flue which was defective. This is a lesson for other trustees of school districts in the county. They should see above all that the school house has a good brick flue. The school liked but a few days of being out.

There is nothing more provoking than an incorrect time piece. If you have a watch or clock of this kind take it to Webb, Clay City's Jeweler and silver smith, and let him fix it. All work guaranteed.

They Will Come Back.

T. J. Scrivner and family, who have been living in Afton, I. T., recently returned to Estill to reside. . . . Taylor and Andrew Centers, who removed from this county last Spring to Indian Territory, have returned with their families. Ill health in their families necessitated their return to Estill.—Estill County Herald.

For Sale—Fine Farm

of 235 acres, 100 acres of which is rich river bottom and bench land, three miles from Clay City. New dwelling, tenant house and all necessary out buildings. Six good springs on the place, convenient to school and etc.; plenty of timber to keep fence up on the place; will grow corn, wheat, tobacco and everything else raised in the State. Will be sold as the whole or divided in two tracts. This is a rare bargain. For particular call on J. E. BURGER. Clay City.

Getting Well.

Mrs. Henry Watson, who was shot at a dance one night last week by John Flarity and was at the time thought to be mortally wounded, is getting better and may recover. Flarity was taken to Winchester for safe keeping and later was taken on to Lexington for fear of mob violence if Mrs. Watson should die. Flarity says he doesn't remember anything about the shooting as he was drinking at the time.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Swann-Day Lumber Co's store; price 50c, guaranteed.

Kentucky in the Lead.

Kentucky leads every other state in the Union in the acreage and value of this year's tobacco crop. Its crop is more than twice the size and value of the crop in North Carolina which is next in importance. Kentucky, according to a bulletin just made public by the Department of Agriculture, has raised 275,874 acres of tobacco this year, making a total production of 228,975,420 pounds, or an average yield of 830 pounds per acre. The average price per pound is seven cents, making Kentucky's total crop for 1905 worth \$6,028,279.

A GUARANTEED CURE FOR PILES
Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

Mr. J. C. Douglas was married in Nicholas county, Ky., December 20, 1905 to Miss Bertha Frank Barrow, daughter of Geo. W. Barrow. Mr. Douglas, is a son of James Douglas, formerly of this county.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Swann-Day Lumber Co's store. Trial bottle free.

Corn in Kentucky.

It has been estimated that Kentucky grows annually about 80, 000,000 bushels of corn, and yet the average yield per acre is only about twenty-nine bushels. It is the earnest desire of the State College to aid the farmers to raise this average several bushels per acre. To do this will require that we take special pains to select only the best seed corn this fall and protect it properly this winter. If the seed corn has not already been selected, it should be at once. Select ears that matured well, that show good proportion of corn to cob, and an ear that does not taper too much from butt to tip. Select ears that are well filled out at butts and tips, and that have rows and kernels that are close together and and kernels of an even size. Above all things, select ears that are true to variety type.

After selecting these seed ears store them where they will dry out well. If perfectly dry the cold does not so seriously injure them, but it is a combination of the cold, freezing weather and moisture in the corn that weakens or destroys the germination of the corn. One good way of keeping the corn is to hang it up in the attic. A dry cellar is a good place, too. Do not make the mistake of cording or piling it up in a warm room, where it

will not dry out, and do not put it in close barrels or boxes.

To a very large extent, the corn planter controls the yield of corn, because if the corn is not planted evenly we can not expect an even stand.

A great loss to the corn-raisers is caused by planting seed corn which will not germinate when planted, or, at least, if it does germinate at all does so in a very weak manner. The seed corn should be tested for germination, and next spring the Kentucky Agricultural College will test the seed corn for the farmers of this State free of charge.

We earnestly desire that the farmers of this State co-operate with us in increasing the corn yield in Kentucky. J. J. HOOKER, Asst. Prof. Agriculture Ky. State College.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner for \$1 10.
